

Position Description

Position Title:	Mitchell and Murrindindi Team Lead
EBA / Award:	SCHADS
Classification:	Level 7
Reports to Operational:	GSSM Local Service Operations Manager
Primary Site:	Multi-site - Shepparton, Yea, Alexandra
Last updated:	May 2026

Mental Health and Wellbeing Locals are a key part of Victoria's reformed mental health and wellbeing system, delivering free, voluntary, and easily accessible support with no referral required — guided by a *'how can we help?'* and *'no wrong door'* approach that puts choice and control in the hands of participants.

In the Greater Shepparton, Strathbogie and Moira catchment, Wellways works together with local partners APMHA Healthcare and Goulburn Valley Health to support people aged 26 and over experiencing mental health concerns, including those with co-occurring alcohol and drug needs, and their family, carers and supporters.

This role is part of a dedicated bushfire response surge, funded by the Victorian Government to extend mental health and wellbeing support into the Mitchell and Murrindindi Shire — a community significantly impacted by bushfire. This surge funding recognises the lasting effect that bushfire events can have on the mental health and wellbeing of individuals, families, and communities, and the importance of ensuring people in Towong can access the right support, closer to home.

Mental Health and Wellbeing Locals are safe spaces for everyone.

Commitment to Reconciliation

The Mental Health and Wellbeing Local Service and our partners recognise that Aboriginal and Torres Strait Islander people have not always been well-served by mental health and disability organisations. Their social and emotional wellbeing has been impacted by generations of trauma, injustice and deprivation. As partner organisations, we recognise our responsibility in addressing these issues of injustice, inequality and stigma as part of ensuring our services are both welcoming and helpful for people and their families. As part of our commitment to reconciliation, we are working to create culturally aware and safe services for First Nations Community Members.

Working together - how we will deliver services

The Mental Health and Wellbeing Local is community-led and integrated through partnership that shares power, creating a responsive, flexible and helpful service.

The Local Service operates 5 days a week, with extended operating hours to support a flexible and responsive service. The Local Service model provides integrated clinical support, care, and wellbeing support to participants and their family members or carers. The provided services are in response to participants experiencing a mental health challenge including co-occurring substance use or addiction. This approach aims to improve the capacity of individuals to engage in our community and respond to any future psychological distress.

The Mental Health and Wellbeing Local Services are community-led, and coproduction is how we have ensured a diverse range of perspectives are included in design, delivery and governance, ensuring the Local reflects, responds and is accountable to the local community it supports.

Connected

An integrated service system connected through governance (partnership, operational and clinical) systems and workforce ensures people can access the right support at the right time.

Creating capacity for citizenship

Our model of care and governance structure has been designed to create capacity; in community, our workforce, individuals and their natural supports to recognise and respond to psychological distress and to address the barriers that impact people from participating in community and leading meaningful lives.

Team

This role forms part of a newly established team created specifically to deliver surge bushfire response services in the Mitchell and Murrindindi Shire, as an extension of the Wellways GSSM Mental Health and Wellbeing Local.

Like the broader GSSM Local Support and Connect Team, this team will be a warm and welcoming first point of contact for people wishing to access support — guided by the same wellbeing navigator peer model that is central to the Local model. The team is responsible for delivering a coordinated mental health and wellbeing response in the aftermath of the bushfires, ensuring that people in Mitchell and Murrindindi can access the right support at the right time, with a seamless and connected experience across the Local and broader services.

Role Purpose

The Mitchell and Murrindindi Surge Team Lead is employed by Wellways Australia and will lead the newly established surge bushfire response team delivering Mental Health and Wellbeing Local services in the Mitchell and Murrindindi Shire.

Working with the Operations Manager, this role is responsible for establishing and managing the ongoing delivery of mental health and wellbeing services in the Mitchell and Murrindindi Shire, within a community-led, inclusive and values-driven culture.

The role works in in close alignment with the broader GSSM Mental Health and Wellbeing Local to ensure a seamless and integrated experience for participants across the catchment.

The role will have overall responsibility for managing Mitchell and Murrindindi Surge Team members.

How you will make a difference

You will play a vital role in ensuring that participants, carers, and their families receive valuable and supportive mental health care. This role will play an integral role in changing and shaping the way mental health and wellbeing services and supports are delivered to the Mitchell and Murrindindi community.

Now is your chance to shape the future of mental health and wellbeing in Victoria to ensure that everyone is supported and included.

Key areas of accountability
