We provide services in more than 54 locations, ranging from the inner-city and suburbs to regional and remote parts of Australia.

Our vision is for full citizenship for all people living with a mental illness in Australian society. Our mission is to improve mental health and wellbeing in local communities across the country.

We believe that recovery is an individual process and that with the right kind of support everyone can live a life based on their own strengths, values and goals for the future.

We use an approach called the Collaborative Recovery Model (CRM) to support people through our services. The CRM assists individuals to identify their personal strengths and values, to set goals and then helps them make progress towards achieving them.

As an organisation based strongly on our mission, vision and values, Neami is committed to demonstrating the highest standards of safety and quality across all of our services. Neami views quality, safety and clinical governance activities as key components of the role and responsibilities of all staff and an essential process in the provision of safe and high quality support services to consumers.

We acknowledge Aboriginal and/or Torres Strait Islander peoples and communities as the Traditional Custodians of the land we work on and pay our respects to Elders past, present and emerging. We recognise that their sovereignty was never ceded. Neami National is committed to cultivating inclusive environments for staff, consumers and carers. We celebrate, value and include people of all backgrounds, genders, sexualities, cultures, bodies and abilities. We are an environmentally conscious organisation.
