Organisational context

Neami National is a community-based recovery and rehabilitation service supporting people living with mental illness and psychiatric disability to improve their health, live independently and pursue a life based on their own strengths, values and goals.

We provide services in over 50 locations, ranging from the inner-city and suburbs to regional and remote parts of Australia.

Our vision is for full citizenship for all people living with a mental illness in Australian society. Our mission is to improve mental health and wellbeing in local communities across the country.

We believe that recovery is an individual process and that with the right kind of support everyone can live a life based on their own strengths, values and goals for the future.

We use an approach called the Collaborative Recovery Model (CRM) to support people through our services. The CRM assists individuals to identify their personal strengths and values, to set goals and then helps them make progress towards achieving them.

We acknowledge Aboriginal and/or Torres Strait Islander peoples and communities as the Traditional Custodians of the land we work on and pay our respects to Elders past, present and emerging. We recognise that their sovereignty was never ceded. Neami National is committed to cultivating inclusive environments for staff, consumers and carers. We celebrate, value and include people of all backgrounds, genders, sexualities, cultures, bodies and abilities. We are an environmentally conscious organisation.

As an organisation based strongly on our mission, vision and values, Neami is committed to demonstrating the highest standards of safety and quality across all of our services. Neami views quality, safety and clinical governance activities as key components of the role and responsibilities of all staff and an essential process in the provision of safe and high-quality support services to consumers. We are a smoke free organisation.

Position overview

The Community Rehabilitation and Support Worker will work within the Intensive Home Support Services (IHSS) program. IHSS is aimed at people aged 16 years and over who have experienced acute episodes of mental illness. In practice, people often have a range of other complex needs as well. Each person is provided with up to three months of intensive support in their home either after leaving a hospital as a way of 'stepping down', or 'stepping up' to receiving support as a way to avoid a hospital admission. Referrals are made through community mental health teams.

IHSS is provided 7 days a week from 8am-8pm. The hours of service will reflect the needs of the consumers and therefore some extended hours coverage is expected. Flexible working locations and working from home arrangements by negotiation.

Exciting new intensive home based support service positions available with Metro IHSS working directly with the Urgent Mental Health Care centre, therefore workload will be varied.

Community Rehabilitation and Support Workers provide a range of rehabilitation and support to consumers, tailored to meet their individual needs.
