It has high rates of school dropout, poor learning achievement, low transition rates from one level of education to the other. In terms of school infrastructure, teacher quality and school accreditation, Chuuk has most of the issues.</p> <p>Because of this, while IQBE is being implemented in all three states from the beginning of this fiscal year, Chuuk has been postponed until the next year. Although, this decision allows Chuuk SDOE to learn from the lessons while other States implement the IQBE, technical support is crucial to closely monitor, review and document lessons from IQBE implementation in other states and to prepare for the necessary ground work for implementation of IQBE next year. Apart from the readiness for IQBE implementation, Chuuk DOE also needs assistance to thoroughly understand and respond to challenges and opportunities that are specific to Chuuk. This position will work closely with the Chuuk State DOE and also collaborate with National DOE on matters on national policy and guidelines for implementation of national programs and policy making.</p>

<b>Length of assignment:</b>	12 mths with a possible 12 months extension

All Adviser roles are designed to contribute towards national and sector development strategies and reflect priorities of the Australian Aid agreements established with each country.

Supported by Scope Global and DFAT, partner organisations take the lead during in country selection interviews, orientation, and monitoring and performance management of Advisers.

### FLEXIBILITY

The flexibility of the PACTAM2 program enables DFAT to fund individual Advisers to meet an identified need for technical assistance in any sector where specialist skills are not available locally. The assignments can be intermittent, short term (less than 6 months) or long term, depending on assignment objectives.

### PACIFIC AND FAMILY-ORIENTATED

We welcome applicants from across the world, although the majority of Advisers are Australian or from the Pacific region.

### RECRUITMENT

All short listed applicants are invited to travel to the partner country for interviews. Successful applicants participate in a pre-departure Briefing, undergo comprehensive police and medical clearances. The In-Country Management team and the partner organisation provide Advisers with an In-Country orientation and induction to the workplace.

### SUPPORT PROVIDED TO ADVISERS
