Purpose

The focus and purpose of this role is to provide excellent case management support to Children and Young People (CYP), families, significant others and relevant stakeholders within our Intensive Therapeutic Care Program. The child and young people you support may have a disability or have experienced complex trauma backgrounds, and as such have complex and/or challenging needs. The Therapeutic Case Manager will enable our children and young people to improve their quality of life, participation in the community, ensure that service delivery is person centred and is based on a therapeutic framework focussing on strengths-based intervention and support.

Duties and Responsibilities

1. Case management

The Therapeutic Case Manager is responsible for providing excellent case management service to the CYP we support within the OOHC Residential Program. This includes:

- = Effectively managing a case load of CYP in accordance with relevant legislative and OOHC standards, funding requirements and practice guidelines in order to ensure positive outcomes for the CYP we support.
- = Monitor and process all Case Management Transfers of the CYP we support from other agencies or Community Services ensuring LS meet all OOHC standards and requirements to be able to effectively case manage each CYP transferred.

2. Case Plan / Futures Planning Management

The Therapeutic Case Manager is responsible to undertake the development (with all relevant stakeholders including the CYP), implementation and review of comprehensive assessments, case plans or leaving care plans of the CYP we support which is reflective of the OOHHC standards, relevant legislation and is within nominated time frames this includes:

- = Engagement of all relevant stakeholders of the case plan / futures planning process.
- = Convene and participate in case conferences and or other relevant meetings to ensure the needs of the CYP are being met and all stakeholders are working towards the case plan/futures planning process.
- = Convene and participate in case conferences and or other relevant meetings to ensure the needs of the CYP are being met and all stakeholders are working towards the case plan/futures planning process.
- = Ensure that rational for decisions are recorded in the development/implementation of a case plan /futures plan/ exit and post support plans.
- = Ensuring case plan /futures plan/ exit and post support plans and the work you complete is strength based, culturally appropriate, person centred, and trauma informed
- = Coordinate, delegate, guide and support the staff within the houses to develop, implement and review the goals in each CYP case plan/ case plan /futures plan/ exit and post support plans.
- = Be creative in finding out of the box solutions to best support the CYP.
- = Keep the CYP updated on the progress of case plan/leaving care plan. Including where needed modifying or developing child friendly versions of information or plans to assist the CYP understanding of the case plan/futures plan/exit and post support plans.
- = Case note in detail all correspondence, communication, appointments, action, or work completed in the development, implementation or review of a case plan/futures plan/exit and post support plans.
- = Complete regular reports and updates to all relevant stakeholders about the progress of the case plan/futures plan/exit and post support plans.

3. Life Story Work

The Therapeutic Case Manager is responsible for completing life story work with the CYP they support to help the CYP to develop a stronger sense of identify and self-esteem through learning about and assisting the CYP to accept their past. This includes:

- = Completing research to complete an accurate chronological account of the CYP history, including how they came into OOHHC, and their time in OOHHC.
- = Accurate records of the CYP family (birth parents, siblings, relatives and/or significant others), back ground, culture, religious heritage, ethnicity, language, country of origin etc.

Position description

Therapeutic Case Manager

Intensive Therapeutic Care

- = Collect, develop or maintain life story materials (for example Photos, birth certificate, drawing, letters, family tree / genogram, holidays, outing etc.) to help the CYP to understand why they came into care and to help the CYP to express feelings about this.
- = To ensure staff are recording current life events to be captured as part of the CYP current Life story.
- = To support a CYP during difficult conversations when completing Life story work. Encouraging the CYP to express and talk about their feelings when exploring happy, difficult, sad, uncomfortable or confronting memories.
- = Identify additional supports that the CYP may require to support life story work including access counselling services etc.
- = Life story work is the personal work of the CYP and consent must be obtained from the CYP to share this information.
- = Encourage and support positive birth family and significant other relationships including the coordination and when require attendance at birth family contact.

4. Disclosure of information

The Therapeutic Case Manager is responsible for ensuring the privacy, dignity and personal information of the CYP is only disclosed to the appropriate person/organisation upon assessment of risk, need and legislated requirements. This includes:

- = Assessment of risk and need of information under section 149 of the Children and Young Persons (Care and Protection) Act.
- = Immediately inform Operations Manager/Senior Operations Manager of disclosure of allegation.
- = Case note in detail all communication or work completed in this process.
