Super****CONTRACT: Fixed term one year contract (with the goal to become permanent at the end of the contract)**

**OVERVIEW:** Aminata Maternal Foundation (AMF) is an international development organization and is registered with the Australian Charities and Not-for-profits Commission (ACNC). Our vision is that no woman or baby dies in childbirth in Sierra Leone due to poverty. In Australia we raise funds and awareness as we work towards this vision. AMF was founded and is led by Aminata Conteh-Biger who recently won Women Agenda's 'Agenda Setter of the Year' award. After experiencing high-quality healthcare in Australia during a difficult birth, founder Aminata Conteh-Biger felt compelled to seek improvements for women in her country of birth, Sierra Leone, which she fled as a refugee. There Aminata witnessed women bleeding to death during childbirth in front of a doctor because they could not afford to pay.

After several years of being largely volunteer run and led, we are now seeking to hire a fundraiser who will make a major difference by raising the resources that will enable a revised strategy, associated with organizational growth, to be taken forward.

**ROLE:** Reporting directly to the CEO, this role manages all aspects of fundraising and development activities for AMF with a focus on philanthropy, appeals and events. This will include recruiting and supporting donors, writing proposals and progress reports, researching opportunities, and coordinating all fundraising activities and meetings.

This newly created role is a fixed term contract that provides an opportunity to use and develop your fundraising experience in an incredible organisation. With the opportunity to work from home or, when COVID-safe, will work with Aminata, this role will suit a dynamic self-starter interested in transforming lives and livelihoods while also developing their career in fundraising, philanthropy, or the not-for-profit sector.
