

Advancing health for everyone, everyday.

Could this be you?

Join The Royal Melbourne Hospital Team

Position Description

Occupational Violence and Aggression Nurse Consultant

THE ROYAL MELBOURNE HOSPITAL

The Royal Melbourne Hospital (RMH) began in 1848 as Victoria's first public hospital. And while we only had 10 beds to our name, we had the community of Melbourne behind us, and we were ready to provide the best possible care for those in need.

Since those early years, we've moved forward with purpose. Always at the forefront, leading the way on improving the quality of life for all.

Today the RMH is one of the largest health providers in the state, providing a comprehensive range of specialist medical, surgical, and mental health services; as well as rehabilitation, aged care, outpatient and community programs.

Our reputation for caring for all Melburnians is as essential to who we are as any scientific breakthrough we make. We're here when it matters most, and we'll continue to be the first to speak out for our diverse community's wellbeing.

OUR VISION

Advancing health for everyone, every day.

THE MELBOURNE WAY

People are at the heart of everything

understand how we can make the

most positive difference for them.

we do. We take the time to

At The RMH we're inspired by our vision of Advancing health for everyone, every day. While we're each going about our different roles, we're united by a shared understanding of the way we do things around here. We call it The Melbourne Way. We put people first — leading with kindness and working together, we excel as one Royal Melbourne Hospital.

People First

Melbourne He

True excellence is only possible when we work as one Royal Melbourne Hospital community. Through collaboration, we set the highest of standards and achieve our goals.

OUR PRIORITIES

The RMH Strategic Plan: Towards 2025. Advancing health for everyone, every day is our plan for the future — one which we are committed to achieving together. This position contributes to the achievement of the five Strategic Goals, articulated in the plan:

embracing the things that make us all

- 1. Be a great place to work and a great place to receive care
- 2. Grow our Home First approach
- 3. Realise the potential of the Melbourne Biomedical Precinct
- 4. Become a digital health service
- 5. Strive for sustainability

Position Description

Position Title: Occupational Violence and Aggression Nurse Consultant

Service: Occupational Violence and Aggression Consultancy

Service

Location: RMH City and Royal Park Campuses

Reports To: Manager, Occupational Violence and Aggression

Consultancy Service

Enterprise Agreement: Nurses and Midwives (Victorian Public Sector) (Single

Interest Employers) Enterprise Agreement 2016–2020

Classification: Commensurate with skills and experience

Employment Status: Permanent

Immunisation Risk Category: Category A

Date of Review: October 2022

POSITION SUMMARY

The Occupational Violence and Aggression (OVA) Nurse Consultant provides consultancy and training to all RMH staff so they can deliver safe care to patients and consumers; and provide a safe environment for visitors and staff across Royal Melbourne Hospital City, Royal Park Campuses and Residential Aged Care Services. The OVA Consultant will be supported by senior clinical consultants within the team and reports directly to the OVA Manager, who is under the direct line management of the Director of Security and Safety, RMH and has a clinical reporting line to the Executive Director of Nursing and Allied Health, RMH. The (OVA) consultancy team sits within the People and Culture portfolio.

The role has a focus on embedding the principles of Your Safety First, to ensure that the workplace environment is proactively working towards minimising the risks of occupational violence and aggression through coaching and mentoring on the ground. This role will also be expected to deliver a range of education, training and in - services in the area of prevention and management of clinical aggression. These sessions will be designed to meet the diverse and area specific concerns of the clinical and non-clinical workforce at risk of exposure from aggressive behaviour exhibited by the patients/consumers and visitors of RMH.

The role requires sound clinical knowledge and leadership, ability to work both autonomously and within a team environment. Collaboration with nurse unit managers, clinical nurse leaders, educators and security staff is expected.

This position will be an ongoing appointment with current availability for full time and or part time positions, at and based at Royal Melbourne City campus.

KEY ACCOUNTABILITIES

- Take reasonable care for your safety and wellbeing and that of others.
- Advise on the prevention, early intervention and management of actual and or potential risks of OVA
 to minimise the impact of harm associated with OVA.
- Speak up for safety, our values and wellbeing.
- Participate and cooperate in consultative processes to improve the health and safety and reduce risk to the safety of staff.
- Work alongside the security team to provide guidance and support in OVA strategies, such as security rounding and response to code grey.
- Engage and liaise with key stakeholders to work collaboratively to provide maximum safety and undertake daily analysis of security hot spot data
- Identify and respond to staff concerns related to OVA and support the wellbeing of all staff.
- Act as a role model and resource person by demonstrating clinical excellence and a high level of knowledge and expertise in OVA.
- Facilitate the delivery of activities relating to the MOCA training program, provide educational and inservices as required.
- Demonstrate highly developed interpersonal/communication skills with a range of stakeholders and resolve any conflict openly with a problem solving approach
- Facilitate an environment that is conducive to learning and incorporates adult learning principles
- Support staff with relevant guidance to monitor management plans with the multidisciplinary team.

- Coach and guide staff on the utilisation of OVA procedures, tools, guidelines and investigations documentation and processes.
- Encourage staff to document in the EMR related to identification of risks of aggression, and complete Riskman incidents in a timely manner.
- Be responsible for service improvement initiatives in reducing the risks associated with OVA and improving training attendance.
- Participate in staff meetings and forums.
- Ensure adherence to organizational standards and mandatory requirements but not limited to Infection Control, Hand Hygiene, Medication Safety, Basic Life Support, Manual Handling, Risk management and Occupational health and safety.
- Actively provides and participates in feedback processes through annual performance review and where applicable individual work plans.
- Respect that the RMH is a smoke-free environment.
- Stay abreast of current research and clinical practice evidence and integrate into training.
- Accepts responsibility for Continuing Professional Development (CPD) of self and actively keeps a CPD portfolio as required by the Nursing and Midwifery Board of Australia.
- Adhere to legislation pertaining to privacy, confidentiality and the handling of personal information
- Demonstrate commitment to organisational change.
