Position reports to	Regional Manager, PSP Metro Sydney

Organisational context

Established in 1997, MacKillop Family Services (MacKillop) strives to ensure all families are supported to provide children with a safe and permanent home, and the best possible start to their lives.

Continuing the child and family welfare programs of our three founding agencies – the Sisters of Mercy, the Sisters of St Joseph and the Christian Brothers – we provide early intervention programs to support the most vulnerable families, and provide education, disability support, home-based care and out of home care for vulnerable children and young people in Victoria, New South Wales and Western Australia.

MacKillop has almost 1,500 staff, operating out of more than 50 sites, and has forecast annual revenue for the 2022/23 financial year of over \$213 million.

Like our founders, we are deeply committed to our work, and are driven by social justice. We believe every child should be protected from abuse, neglect and exploitation, and are a child-safe organisation that is committed to protecting and advocating for the best interests of children and families across all our programs.

Our work is underpinned by our values, and by a deep understanding of the impact of trauma, informed by the Sanctuary Model. Sanctuary is a blueprint for organisational change, which supports organisations to provide a safe, non-violent environment for people affected by trauma. It also supports staff and carers to form communities that are safe and caring, and to maintain a culture that reflects these qualities at every level within the organisation. MacKillop is the only licensed provider of training in the Sanctuary Model in Australia.

MacKillop is deeply committed to promoting diversity. Our diversity encompasses differences in race or ethnicity, gender identity, gender expression, intersex status, sexual orientation, language, age, religion, socio-economic status, relationship status, physical and mental ability, thinking styles, experience, and education. We believe that the wide array of perspectives that results from such diversity makes us more creative, flexible, accessible and productive.

Our purpose

MacKillop Family Services continues our founders' passionate commitment to social justice – to work for the rights of children, young people and families to be safe, to learn, feel nurtured and connected to culture. We provide high quality services to promote healing from trauma and loss, and to enable hopeful futures.

MacKillop Family Services will care compassionately, respond large-heartedly and advocate courageously.

Our vision

Children, young people and families are welcomed and supported by MacKillop to be empowered and thrive.

HOPE. We commit to creating positive and hopeful relationships where people find meaning in their experiences and relationships and are able to learn, explore their strengths and create possibilities for growth and change. ***We seek to foster hope that assists people to find meaning.***

COLLABORATION. In our work with individuals, families and other organisations and groups, we commit to working in a collaborative spirit through cooperation, coordination, partnership and empowerment. ***We commit to working in a collaborative spirit through cooperation, coordination, partnership and empowerment.***

Our Sanctuary Commitment

Our values are brought to life through our commitment to the Sanctuary Model. Sanctuary is an evidence-supported, whole-of-organisation framework that guides how we practice as an agency. Sanctuary enables a shared language, knowledge, and response to the impact of trauma and loss on all of us.

Our seven Sanctuary Commitments are as follows:

- Social Learning - We all learn from, and teach each other
- Democracy - Everyone is heard
