Position Information

<p>Purpose</p>	<p>The Community Mental Health Practitioner (CMHP) provides services to clients, families and carers in line with Mind’s Model of Recovery Oriented Practice and organisational values for people with a psychosocial disability. The CMHP delivers personalised support services and recovery-oriented care to people living with mental ill health in the community.</p> <p>Community Mental Health Practitioners play an integral role in working collaboratively with clients to achieve their recovery goals through one-to-one support, shared supports, workshops and group work facilitation to enhance recovery, personal growth and activities of daily living.</p>
<p>Position reports to</p>	<p>Team Leader</p>
<p>Mind classification level</p>	<p>SCHADS Level 3</p>
<p>Stream</p>	<p>Victoria Operations</p>
<p>About the service</p>	<p>The Sub-Acute short stay ‘step up, step down’ Prevention and Recovery Care (PARC) service is delivered in partnership with Mind, Victorian hospital networks and the health service supporting clients with psychosocial disability transition from an acute hospital setting or to prevent hospital admissions by providing extra support to those entering directly from the community. PARC clients can access Mind staff 24 hours a day whilst being supported to achieve their recovery goals, enhance relationships with families and carers, develop social and community connections, build confidence and increase capacity to live safely in the community. The service provides personalised one-to-one support, shared supports, workshops and group work based on client’s strengths and goals as identified in their individual recovery plan. The 3 different PARC models are: Youth (16-25 years), Adult (25-65 years) and Extended Adult (25-65 years but a longer stay of up to 6 months).</p>

Mind values the experience and contribution of people from all cultures, genders, sexualities, bodies, abilities, ages, spiritualities and backgrounds. We encourage applications from Aboriginal and Torres Strait Islander peoples, people with a lived experience of mental ill-health and recovery, people living with disability, those who identify as LGBTIQ and applicants from culturally and linguistically diverse backgrounds.

	The Adult and Youth Prevention and Recovery Care service (A&YPARC) is a residential program providing short term, intensive treatment to clients aged between 16-65 years living with mental ill health. The service works within a recovery focused, clinical treatment framework in line with Mind’s Model of Recovery Oriented Practice and organisational values.
