Title of the role:	Recovery Worker
Classification:	SCHADS Level 3
Schedule:	Schedule B
Program Area:	Rehabilitation Services
Location:	Eastern Melbourne
Reports to:	Manager, PARC
Last Revised:	August 2025

About Wellways

Wellways Australia is a leading not-for-profit organisation dedicated to ensuring all Australians lead active and fulfilling lives in their community. We work with individuals, families and the community to help them imagine and achieve better lives. We advocate for change to make sure people can access the best possible care and information when they need it. We provide a wide range of services and assistance for people of all ages with mental health issues, disabilities, and those requiring community care.

Wellways is an equal opportunity employer that offers generous salary packaging and opportunities to undertake professional training and development. People with lived experience, Aboriginal and Torres Strait Islander people, and people from culturally and linguistically diverse backgrounds bring highly valued skills to our workforce.

Our Values

Honesty:

We are open and sincere in all interactions
We show compassion and consideration to all our stakeholders
We take responsibility for our actions

Acceptance:

We champion and respect all voices and choices
We accept people no matter how complex their needs
We see the person, the family and the community

Fairness:

We believe everyone has the right to equal opportunities
We challenge social injustice and advocate for change
We collaborate to solve problems

Commitment:

We are committed to our work and we won't give up
We have the courage to make decisions and are accountable for our actions
We dare to go down new roads and challenge accepted wisdom

Participation:

We promote participation and transform lives and communities
We value the expertise and contribution of everyone we work with
We build knowledge and lead conversations

Our approach to service delivery

Our recovery services are guided by our values and informed by our Well Together Model. This approach means we work at 3 levels, with the individual, with their families and friends and with the community. Well Together recognises that developing skills, building confidence and strengthening relationships will help people to recover and to live independently. The model provides an evidence-based approach to create individually tailored, effective recovery support packages. Wellways assists individuals to develop the capacity to manage their own wellbeing, equip family and friends with information and skills, and engage community members in support networks.

Advocacy Services

We have a strong advocacy program, informed by the lived experience of people with mental health issues or disability, their families and friends. Members of Wellways play a vital role in developing our advocacy platform. We advocate for systemic change that will create better conditions and improved opportunities across the range of services and supports we offer, including people and their families living with mental health and / or disabilities, and carers.

All our recovery services and advocacy programs:

- Support and create opportunities for recovery
- Value cultural diversity
- Value peer participation and leadership (participant and carer)
- Are underpinned by evidence-based best practice

Position Summary

The Prevention and Recovery Care (PARC) program is a collaborative service between Wellways and Eastern Health.

The service is a step-down and step-up sub-acute mental health service for those within the catchment areas of Eastern Health. PARCs are located in a community setting and provide an option for people who are becoming unwell, or who are in the early stages of recovery from an acute illness and need a short period of additional support to strengthen their gains from spending time in an inpatient setting and to consolidate their community transition and recovery treatment plans. Clinical intervention is provided to PARC through the Area Mental Health Service. The program is staffed 24/7 and includes day, afternoon and sleepover shifts.

Under the support and direction of the PARC Program Manager and Senior Recovery Worker, the Recovery Worker will:

- Engage participants and develop professional and trusting relationships
- Develop individual recovery plans with participants incorporating individual goals, focusing on skill and knowledge development while working towards recovery and under the ethos of 'Client self-direction'
- Provide direct practical support to participants to attain the skills required to meet the goals identified to support social inclusion and recovery
- Ensure that all operational and administrative requirements are met including regular reporting requirements and records maintenance
- Case planning: convene case planning meetings with PARC clinicians, community case managers, consumers and their families, and other service partners.
- Case coordination; coordinate activities for the PARC consumer and our partners in service delivery (clinicians, employment services, education providers, accommodation providers)

The PARC program forms part of the Eastern region and works with the broader team and other key stakeholders in the ongoing development and effective implementation of organisational and regional strategic plans.

Refer to Attachment 1 for a reference to the overall Wellways organisation structure.
