About Brainwave Australia

Brainwave was founded in 1994 to provide practical support and care to children impacted by neurological conditions and their families. Brain injury and illness change people's lives and futures. We are here for the whole family from the point of diagnosis onwards. No matter where families are in Australia, we help support them by providing holistic support in times of crisis, ongoing access to information and resources, and build meaningful social connections with and between families.

We Believe

Informed, resilient and connected families enable the best outcomes for children.
