## About Uniting

Uniting Vic.Tas is the community services organisation of the Uniting Church. We've been supporting people and families for over 100 years. We work alongside people of all ages in local communities in Victoria and Tasmania. Our services reach to Albury-Wodonga in the north, Mallacoota in East Gippsland, the Wimmera region in the west, and across Tasmania.

We empower children, young people and families to learn and thrive. We're there for people experiencing homelessness, drug and alcohol addiction or mental illness. We support people with disability to live the life they choose. We assist older people to maintain their independence and enjoy life. We provide opportunities to access training and meaningful employment. We're proud to welcome and support asylum seekers to our community. We work to empower people with the information, skills and tools they need to live a healthy, happy life.

As an organisation, we work in solidarity with Aboriginal and Torres Strait Islander people as Australia's First Peoples and as the traditional owners and custodians of this land.

We celebrate diversity and value the lived experience of people of every ethnicity, faith, age, disability, culture, language, gender identity, sex and sexual orientation. We welcome lesbian, gay, bisexual, transgender, gender diverse and non-binary, intersex, and queer (LGBTIQ+) people at our services. We pledge to provide inclusive and non-discriminatory services.

**Our purpose:** To inspire people, enliven communities and confront injustice

**Our values:** We are imaginative, respectful, compassionate and bold

### □ Position purpose

The Peer Cadet role contributes to building a strong and sustainable Lived and Living Experience Workforce (LLEW) within a community mental health setting. This cadetship provides a supported pathway that combines structured learning, practical experience, and professional development.

Peer Cadets draw on their lived or living experience of mental health challenges, trauma, alcohol and other drugs (AOD), or caring roles to walk alongside others in their recovery.

The role actively contributes to a recovery-oriented, inclusive, and person-centred service that values lived experience as essential to meaningful change.
