

Our Commitment to Child Safety

Fams are committed to the rights and safety of all children and young people. We believe every child and young person has the right to be safe, protected and for their voices to be heard.

We foster a culture of inclusion, respect, and accountability by:

- Ensuring children and young people are at the heart of everything we do
- Embedding the Child Safe Standards into our vision, values, governance and decision-making
- Equipping all Fams team members with the knowledge and tools to uphold a child safe and inclusive culture.

Fams supports the implementation of the Child Safe Standards within the early intervention and prevention non-government sector to ensure that all children and young people can be safe, strong and supported.
