ALLIANCE

Serving together to
bring meaningful change.

Empowering health workers to deliver better care in their communities.

We are small, but we pack a punch

Based in Perth, Western Australia, Cosmos Alliance is a small, agile Christian organisation with a strong yet humble character.

We believe that we punch above our weight in the health and development sector.

Since 2002, we have served faithfully in India, Laos, Zimbabwe, Uganda and Papua New Guinea, delivering 22 years of global service on a shoestring budget.

We currently support projects in Zimbabwe, Uganda and Papua New Guinea.
