

Local Link Advocate – Family, Domestic & Sexual Violence

Who we are

Micah Projects is a community based, not-for profit organisation with a vision to create justice and respond to injustice at the personal, social, and structural levels in church, government, business, and society.

Micah Projects subscribes to the principle of non-discrimination that seeks to guarantee that human rights are exercised without discrimination of any kind based on race, colour, sex, language, religion, political or other opinion, national or social origin, property, birth, or other status such as disability, age, marital and family status, sexual orientation and gender identity, health status, place of residence, economic and social situation.

We believe that every adult and child has the right to a home, an income, healthcare, education, safety, dignity, and connection with their community of choice.

Work Health and Safety

Everyone has a right to feel safe at work, and Micah Projects is committed to minimising the risk to any staff member, student, volunteer, contractor, consultant, and Board Member within the organisation. We work collectively to comply with the *Work Health and Safety Act 2011*.

What we do

Micah Projects works to break down barriers that exclude people from housing, healthcare, employment, and meaningful connections, and to give people a voice.

We support individuals and families including children to resolve crisis, break social isolation, have a home, access health and community services, and build a community.

We provide a range of support and advocacy services to individuals and families according to their needs. We ensure the immediate needs of participants are met in a supportive, informed, safe, and respectful manner.

Equal Opportunity

Micah Projects is an equal opportunity employer and promotes access to employment to individuals from a diverse range of social and cultural groups. We acknowledge the First Peoples of Australia as the traditional owners of this land and support their right to self-determination and cultural expression. We recognise that Brisbane is a diverse community and acknowledge the needs of individuals, families and communities relating to age, gender, disability, sexuality, and economic status.

Working together

It is important to Micah Projects that people feel welcome, have choices, and do not experience discrimination when working with Micah Projects.

It is our aim to work with participants, each other, and our partners to respectfully share knowledge, ideas, resources, and skills in order to improve the service for the people we support, and the people who work as part of Micah Projects.

Child Safe and Vulnerable Adult Safeguarding

Children and young people are entitled to live in a caring and nurturing environment and to be protected from harm and exploitation. Micah Projects is a child-safe and child-friendly organisation that prioritises the safety and wellbeing of children and young people. We actively provide guidance for management, staff, and others in identifying and responding to concerns about the abuse or neglect of a child or young person in contact with the organisation.

We extend these principles to create safe services for all participants we work with.

Micah Projects commitment to vulnerable and marginalised populations

Micah Projects Vision and Mission articulate our commitment to actively engaged with people who are marginalised, vulnerable and in many situations present with challenging behaviour.

Working in Micah Projects you are expected to proactively support this vision and mission whilst balancing the needs of staff to work in a supportive and safe environment.

To do this we actively work together to ensure that staff have the skills and knowledge to understand that many people who access our services do not have the ability to always regulate their emotions. This often occurs when they are frustrated, do not understand what options they have, and are impacted on by substance use or alcohol. The consequences result in staff being exposed to in appropriate and challenging situations which we are committed to providing training and support to problem solve and ensure services can be maintained.

Micah Projects actively wants to adapt a shared responsibility approach for creating a resilient culture whilst providing services to our most vulnerable participants. This requires self-awareness and a proactive approach within our organisational systems. We support staff in understanding the approach and context in which we work. We encourage staff to communicate their needs within this environment and a willingness to engage in problem solving strategies whilst providing support to participants.

Micah Projects provides outreach service in the community, centre-based services and services via phone. Our goal is to always disarm people with courtesy, respect and clear communication recognising that we may not always get it right and will learn from our participants when necessary. We recognise that many participants of Micah Projects have long histories of trauma from childhood and as adults. Whilst this is not an excuse for behaviours that are threatening to others, it is also an opportunity for participants to learn alternative ways of meeting their needs. This is how we implement a trauma informed and sensitive approach to our work.

We are committed to providing a culture of wellbeing and safety for our staff. Employees can access support and guidance internally and externally, as outlined in our Wellbeing Guide.

Primary Health Network Capacity Building & Local Link Program

The Brisbane South Primary Health Network Capacity Building and Local Link Program is an evolving, innovative initiative designed to enhance workforce capabilities of GP's and medical staff within general practices and Aboriginal and Torres Strait Islander Community Controlled Health Services across Brisbane's southern region. With a focus on strengthening system integration, this pilot program fosters understanding and collaboration between the family, domestic and sexual violence (FDSV), child sexual abuse sectors, and the primary healthcare sector. It addresses systemic barriers to create a more coordinated response to FDSV and child sexual abuse within primary healthcare.

As a flexible and adaptive project, we continuously explore new approaches to improve service system integration and engagement. The program also supports referred patients who have experienced FDSV through facilitating triage, brief intervention support and referral to the most suitable services. Brief case management support may be provided, where appropriate, while awaiting referral acceptance.

Position Description

As a Local Link Advocate, you will...

work as part of the Micah Projects team to enhance capacity-building of general practitioners and primary health services in understanding and responding to domestic and family violence, sexual violence (DFSV) and childhood sexual abuse (CSA). Your role focuses on supporting individuals who have experienced DFSV and CSA to live free from abuse, and promoting change in the community. You will engage with local healthcare providers to better support these victim-survivors, linking them effectively with relevant agencies.

Stakeholder Engagement

This position as part of a team engages with the following organisations:

- QLD Government Departments (including but not limited to QPS, QCS, VAQ, Department of Housing, DCSSDS)
- Federal Government Departments (including but not limited to NDIA, Services Australia, ART, AFP, DoE, DHA, DSS)
- Courts (State and Federal)
- Community Service Organisations
- General Practice Clinics and Aboriginal and Torres Strait Islander Community Controlled Health Services

Partnerships:

- Brisbane South Primary Health Network
- Centre for Women and Co and YFS
- Government and non-government services working within an integrated response to domestic, family or sexual violence, or childhood sexual abuse

Collaboration within the Cluster and across Micah Projects Clusters and initiatives may include:

- Inclusive Health Partnerships
- Homelessness to Home
- Domestic and Family Violence
- Women, Children & Families
- Supportive Housing

Key Responsibilities

- Build relationships and strengthen referral pathways from primary health care providers into the Local Link service system.
- Deliver formal training for primary health clinics in recognising and responding to domestic and family violence, sexual violence (FDSV) and childhood sexual abuse (CSA).
- Provide incidental and planned case consultation and advice to primary health care providers in recognising, responding, and referring patients.
- Promote the Local Link program to clinics in the South Brisbane PHN area through innovative outreach—such as flyer drops, practice visits.
- Triage and respond to referrals from primary health care providers into the Brisbane region, supporting GPs to make effective referrals to Local Link and ensuring timely response to referrals.
- Provide trauma-informed outreach and centre-based support to victim-survivors of FDSV and CSA including comprehensive risk assessment, safety planning, brief intervention, advocacy, case coordination and referral to appropriate services.
- Complete administration related to trainings and service delivery, including maintaining professional notes on case management systems.
- Provide services that adhere to principles of cultural sensitivity and assist with connection to culturally specific programs where appropriate.
- Support and maintain positive relationships with government and non-government stakeholders.
- Perform other duties as assigned by supervisors and leadership.
